

Solutions 30 strengthens its teams dedicated to electric mobility

- **Appointment of Stefan Meers, Program Director**
- **Appointment of Nicolas Dufresne, Sales Manager for France**

Solutions 30 provides rapid-response multi-technology services for electric mobility by installing charging stations for electric vehicles. The company operates throughout Europe with a turnkey offer for major players in electric mobility (car manufacturers, leasing companies, dealers, charger manufacturers, energy companies, property developers, and local authorities). Solutions 30 has just reinforced management team for this fast-growing new market.

Stefan Meers has been appointed Group Program Director for the electric vehicle charging infrastructure (EVCI) business. He is in charge of defining the group's offer and its marketing and sales strategy.

Stefan graduated from the Karel de Grote University of Applied Sciences and holds an MBA from the Vrije Universiteit. He began his career in the distribution of spare parts for the automotive industry. He then held various technical and sales positions before joining Leaseplan in Belgium as technical manager and then Athlon Car Lease. In 2011, he was named director of customer service for Volvo in Belgium and then operations manager for ASN Autoschade. In 2015, he joined EVBox, a manufacturer of charging stations for electric vehicles, where he was successively manager for the Benelux area, then managing director of the area, and finally director of the fleet business. Stefan joined Solutions 30 in March 2021, and has brought with him extensive experience in the automotive industry and a strong commitment to sustainable mobility.

Nicolas Dufresne has been appointed Sales Manager for France for the EVCI business. He is in charge of consolidating and developing Solutions 30's sales activities in France for electric vehicle charging station deployments.

Nicolas has a dual technical and sales background, with 15 years of experience in sales, notably from his time working for ZeBorne. Nicolas has developed extensive expertise in electric mobility and a thorough knowledge of its ecosystem. His technical expertise, combined with his proven ability to build long-term sales partnerships, enables him to take a systemic approach to his clients' projects, which is perfectly aligned with the Solutions 30's turnkey offering. He joined the company in October 2021.

From October 18 to 21, 2021, Solutions 30 will be participating in Electric Road, a trade show held at the Bordeaux Exhibition Center. During this trade show, Nicolas Dufresne took part in a workshop on October 18th at 4:00 pm on the theme of "Pooling, digitalization, and interoperability of street charging."

About Solutions 30 SE

The Solutions 30 group is the European leader in solutions for new technologies. Its mission is to make the technological developments that are transforming our daily lives accessible to everyone, individuals and businesses alike. Yesterday, it was computers and the Internet. Today, it's digital technology. Tomorrow, it will be technologies that make the world even more interconnected in real time. With more than 30 million call-outs carried out since it was founded and a network of more than 15,700 local technicians, Solutions 30 currently covers all of France, Italy, Germany, the Netherlands, Belgium, Luxembourg, the Iberian Peninsula, the United Kingdom, and Poland. The share capital of Solutions 30 SE consists of 107,127,984 shares, equal to the number of theoretical votes that can be exercised.

Solutions 30 SE is listed on the Euronext Paris exchange (ISIN FR0013379484- code S30). Indexes: MSCI Europe Small Cap | Tech40 | CAC PME | SBF 120 | CAC Mid 60. Visit our website for more information: www.solutions30.com
